

Welcome to
DrugScope's

Web and Information Resources

***Thank you so much for
your swift reply about
naltrexone implants***

***I am very impressed with
this and have circulated
your details around my
area. What an invaluable
resource you are!***

***Carry on with the good
work!***

User of the Information and
Library Service

***Whenever I receive a
general question on Europe's
drug policy, especially the
United Kingdom, the first place
I go after my own collection is
to the DrugScope website.***

Worker - Drug Policy Alliance

***Wow, thanks. Very quick & thor-
ough. I am impressed!***

Introducing DrugScope's Information Service

Recognised as the world's leading provider of drug information, the DrugScope information team responds to thousands of enquiries a year. The team provides a critical service to people involved in every area of the drug misuse field – including those working in treatment provision, research, education and the criminal justice system.

Our aim is to provide access to information and resources on drugs and drug misuse through our extensive range of drug-related publications ranging from the 1960's to the latest contemporary thinking and research.

The collection includes online resources and a documentation centre which holds :

- Materials from the UK, Europe and around the world
 - 'Grey literature' and many hard-to-find items, such as local reports, leaflets, educational materials and policy documents
 - An historical archive of drugs-related material spanning 4 decades and including press cuttings
-

Quick guide...

DrugScope's Information Service produces a wealth of online resources, all of which are free! If you want to:

search for literature, use Drugdata
<http://drugscope.soutron.com/home.asp>

keep up-to-date with drugs publications with our Drugdata blog <http://drugscope.blogspot.com> and download our free bulletins at http://www.drugscope.org.uk/library/librarysection/lib_results.asp?file=\wip\7\books.htm

know about the key websites, books and other resources, download our free reading lists and pathfinders on popular topics
http://www.drugscope.org.uk/library/librarysection/lib_results.asp?file=\wip\7\readinglists.htm and
http://www.drugscope.org.uk/library/librarysection/lib_results.asp?file=\wip\7\pathfinders.htm

find facts and figures about drugs, use DrugSearch, an online encyclopaedia <http://www.drugscope.org.uk/druginfo/drugsearch/home2.asp>

access information about treatment services in the UK, use Helpfinder
<http://www.drugscope.org.uk/drugbaseii/home.asp>

ask for information, ring 020 7928 1211 or email us on info@drugscope.org.uk

How to use us

Enquiry line

Our enquiry line answers thousands of enquiries each year and is open: Monday to Friday: 10am to 1pm

T: 020 7928 1211

E: info@drugscope.org.uk

Information Service, DrugScope, 40 Bermondsey Street, London SE1 3UD

Library visits

DrugScope library is open for research, by appointment only Monday to Friday, with hours by arrangement (please allow 24 hours notice).

DrugScope members can visit free of charge. Rate for students/unwaged is £3.50. Rate for other non-members is £7.00

Research services

Searching for information can be time consuming and complex. So if you are short of time let us do the searching for you. Fees are charged on an hourly basis:

£10.00 for DrugScope members and £12.00 for non-members

Document Delivery Service

For customers unable to visit the library we provide a comprehensive remote service. The Document Delivery Service enables you to order documents from the collection by post (subject to copyright law). Prices include postage and packing:

Non-members £5.00. Members £4.00. International £8.00

How you can help us!

If you have a drug-related event you would like to see listed on our website or know of a treatment service that should be included in our treatment database, Helpfinder, then please email us the details: info@drugscope.org.uk

We are happy to receive articles, reports, books and other hard to find material to add to the library and list on DrugData.
